Subject: SCIA Engineer Tryout - Download, Installation instructions and authorisation

Dear Mr. XXX,

Thank you requesting your FREE try-out of SCIA Engineer.

We have stored and will use the following e-mail address for all future communication:
XXXX@xxxxx.com

In order to get started with your 30 day try-out, please follow these instructions to install SCIA Engineer..

If SCIA Engineer is not yet installed:

1. Download the SCIA Engineer Try-out installation manual.

2. Download the SCIA Engineer Setup (web setup).

3. Follow the instructions in the installation manual in order to install the software and activate the enclosed license file: **SCIA??????.lid**

If SCIA Engineer is already installed:

If you already have SCIA Engineer installed on your computer, skip steps 1 & 2. Use the following link to download the SCIA License Server and follow the installation manual starting on page 10.

Then select the SCIA Engineer Protection Setup (Start > All Programs > SCIA Engineer > Protection Setup) and switch the license type to "Try-out".

In case the license file is not available in this email, you can download it here: link. This temporary link will be available up to 23-06-2017 18:00 CEDT.

Getting Started With SCIA Engineer:

Check out a short video about user interface basics: https://www.youtube.com/watch?v=t6fgRJ90FE0.

Download tutorials for:

- US codes: AISC Steel Frames, ACI Concrete Frames and ACI Concrete Plates.

- Eurocodes: Use the SCIA eLearning to learn more about the most common functionalities of SCIA Engineer.

Bookmark the SCIA Engineer Help website for detailed information on everything SCIA Engineer.

And join the SCIA Engineer User Community and start asking your questions on the SCIA Forum.

We hope you find success with your try-out of SCIA Engineer. If you still have questions about the installation or functionality of SCIA Engineer, you can contact our customer services department at support@scia.net.
